

Members of the Altar Society have been making and providing the Lenten Supper's every week on Fridays after the Stations of the Cross. Their time, talent and treasure has given joy to the stomachs of many parishioners during Lent.

Altar Society

This past week, our CYM, made the Lenten Potato with all the fixins. They also raked the leaves located on our grounds near the Parish Center and the Holy Family statue. Their time and talent for the love of God and neighbor is appreciated by those who come to the church, whether parishioners or visitors.

Did you know our young people in CYM also have a regular Holy Hour on Wednesday evening at 7pm and use their time and talent of prayer, praying for you!

Ileen Weber recently volunteered to help in the office giving her time and talent on Tuesdays. When Mary Adams stepped down as our bookkeeper, the office was no longer staffed on Tuesdays because Jennifer Simon was unable to work at that time. Mary Adams would stay in the office on Tuesdays to answer phones. Now we have someone who will be in the office again on Tuesdays from 10am until Noon. Ileen has chosen to work in the office as part of her stewardship for the parish giving her time and talent for the love of God and neighbor.

Stewardship Opportunity at Sacred Heart

Do you have the time and talent to help regularly clean the classrooms at the Parish Center, the basement of the church and at the Hensly House?

Let us not forget over 100 parishioners are weekly giving their time and talent adoring Jesus in the Blessed Sacrament. Out of love of God and neighbor, they pray for you, for their families and for the world.

And there are many more... In the future, we will let you know others, who give their time and talent for the love of God and neighbor. Each person recognizes their talents and gifts come from God and they are happy to use them for God and neighbor. What are your gifts and talents?
